The Aesthetics Of Natural Environments

Environmental Aesthetics beyond Natural Environments. Since they first took form in the late twentieth century, the initial positions in environmental aesthetics expanded from their original focus on natural environments to consider human and human-influenced environments. At the same time, the discipline has also come to include the ...

Environmental Aesthetics (Stanford Encyclopedia of Philosophy)

Aesthetics, or esthetics (/ ɛ s ' θ ɛ t ɪ k s, i: s-, æ s-/), is a branch of philosophy that deals with the nature of beauty and taste, as well as the philosophy of art (its own area of philosophy that comes out of aesthetics). It examines aesthetic values, often expressed through judgments of taste. Aesthetics covers both natural and artificial sources of aesthetic experience and judgment.

Aesthetics - Wikipedia

Besides works on environmental aesthetics that addresses built environments (see the entry on environmental aesthetics), other notable early works specifically addressing issues of everyday aesthetics include Melvin Rader and Bertram Jessup's Art and Human Values (1976), Joseph Kupfer's Experience as Art: Aesthetics in Everyday Life (1983 ...
